6 affordable, educational apps for kids

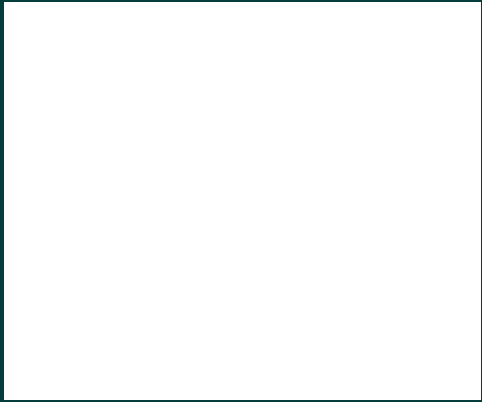

These apps have no in-app purchases

Reading Island Adventures

Though its pricetag is kind of expensive at \$6.99, Rick Singer, the CEO of [GreatApps.com](#), says it's worth it because it has tons of reading lessons for kids and "fantastic" images. Indeed, the app contains 75 lessons geared towards kids 6 - 9, including advanced phonics, vocabulary and reading comprehension, as well as visually compelling original storybooks like "Good Food for Flora" and "A Fun Lunch."
