

## Sixty must-see websites for lawyers from ABA TECHSHOW

This year's [ABA TECHSHOW](#) in Chicago concluded with the popular plenary session "60 Sites in 60 Minutes," where legal technologists Reid Trautz, Natalie Kelly, Dan Pinnington and Catherine Sanders Reach shared a variety of must-see websites for lawyers.

### Sites to help you do your job

- [ABA Preview of Supreme Court Cases](#) – Learn everything you want or need to know about what is happening at the U.S. Supreme Court—past, present and future.
- [Fastcase and Mobile Sync](#) – Get legal research on your desktop, iPhone or iPad. Bar association users can use the Mobile Sync feature to keep one research session going across all platforms.
- [CellularAbroad](#) – Find the best mobile phone and coverage option specific to your phone and carrier when traveling overseas.
- [Google Scholar](#) – Add treatment to citing cases.
- [Jureeka](#) – Turn legal citations in web pages into hyperlinks that point to online legal source material in Chrome or Firefox.
- [TinyEye](#) – Reverse image search: find out source of an image, other uses of it, higher resolution versions, etc.
- [Google Images](#) – Obtain more information on an image by dragging and dropping it into the Google Search box using Chrome.
- [Meevsu](#) – Host a live confrontation or debate via webcam, with an audience voting for the winner.

### Helpful information

- [Law Practice Today](#) – Review the archive of this Law Practice Management Section e-zine, which is full of terrific articles on all aspects of law practice management.
- [Room77](#) – See what your hotel view is like, before you book the room
- [Priceblink](#) – Compare prices on items and find the lowest prices while you shop and set notifications for desired price points.
- [The Holotypic Occlupanid Research Group](#) – Exists for one purpose. You'll have to see for yourself because you won't believe it until you see it.
- [PMA Pipe](#) – Keep up with all the law practice management blogs.
- [MarineTraffic](#) – Watch the movement of ships around the world, tracked by GPS in real time.
- [AllTop](#) – See the top headlines on the most popular news sites and blogs
- [The World at 7 Billion](#) - With seven billion people in the world, where do you fit in? Just enter your birthdate and find out!
- [Handsfreeinfo](#) – See your state's cell phone and texting laws for drivers.
- [WholsTheMostFamous](#) – Guess the most famous surname, using just a first name.
- [Scoopertino](#) – Check out this parody blog of all things Apple (based in Coopertino, Calif.) that recently claimed Apple would replace the complete iTunes library with songs sung by Siri, starting with "Stairway to Heaven!"
- [US Department of State](#) – Obtain important travel information for every country in the world.
- [An American's Guide to Canada](#) – Learn everything you want to know about life in the Great White North, including "Canadianisms" and how to immigrate.
